

Analyst - Speculative

Based in Edinburgh, Cambridge, London, or Paris

The Opportunity

Delta-EE is always on the lookout for skilled **Analysts** to join our product and consultancy teams. As we grow, so do our teams and we need talented people to help us fulfil our mission. If you think you have the right skills (or could have!), please send in your application. In compliance with our Data Protection, we will keep your information for 6 months and contact you, should the position open. This may turn out to be a great opportunity to become an international expert in the energy transition within a supportive and rewarding work environment!

Your role will involve:

- Conducting in-depth research. This will include a variety of qualitative and quantitative research methods, including:
 - face-to-face and telephone discussion with industry experts and other professionals
 - secondary research, identifying and analysing data from other sources
- Managing and delivering engaging and meaningful content to our research subscribers in the form of reports, databases, and viewpoints.
- Communicating with clients or subscribers via presentations, email, webinars and by phone
- Developing your project management skills and / or leading projects
- Building relationships with industry contacts on behalf of the company, developing client relationships and contributing to the development of the business

This is a great opportunity to:

- Become an international expert in low carbon distributed energy sectors and markets.
- Advise decision makers on how to exploit opportunities in these markets.
- Develop a wide range of research, analytical and advisory skills
- Work in a stimulating, supportive and rewarding environment.
- Take growing levels of responsibility as Delta-EE expands.

What we are looking for

If you have the right skills for the job, we want to hear from you. We encourage applications from the right candidates regardless of age, disability, gender identity, sexual orientation, religion, belief, or race.

For this position, you will be able to demonstrate:

- Relevant BSc, MSc, PhD, or MBA qualifications and/or 1+ year's work experience in relevant aspects of the energy or transport sectors, working with (for example, but not limited to) energy companies, technology manufacturers, policy makers, 'start-ups' or industry associations would be an advantage.

DELTA-EE

- Interpersonal, organisational and project management skills.
- Writing, data analysis and presentation skills.
- Collaborative and team oriented working skills.
- Evidence of your ability to apply a variety of research methods, including face-to-face and telephone discussion with industry experts and other professionals.
- The ability to synthesise information and insight from a variety of sources, to create impactful research for our clients.
- A willingness to develop new industry contacts and clients and attend events where required.
- Commercial acumen - the ability to think commercially about the needs of our clients

About Delta-EE – Experts in New Energy

Delta-EE is Europe's leading research and consulting company helping organisations develop the right strategies, business models and customer propositions for the energy transition. The depth and breadth of our expertise in the energy transition space makes Delta-EE unique and our mission is to help our clients successfully navigate the change from 'old energy' to 'new energy'. We provide bespoke consultancy and subscription research services which answer critical questions that impact our clients' businesses and allow clients to access in-depth research in a specific knowledge area.

Our values

As a team, we always work in line with our company values. We are a *Happy and Motivated Team*, who focus on *Doing the right thing* and *Fulfilling our potential*. Creating a great company culture and being a place that people love to work is very important to us; we are a collaborative, inclusive and friendly team. To find out more about what we do, our mission and values please visit <https://www.delta-ee.com/about-us>

What we offer?

- Flexible and family friendly working arrangements
- Rewarding salary based on experience and qualifications
- A focus on learning & development opportunities
- Employee Assistance Programme
- Team social events
- Specific additional benefits to UK or France

Application

If you wish to apply, please do so as soon as possible by submitting your CV and a **short covering letter** (less than 250 words) via our careers page: www.delta-ee.com/careers
